HIBBETT, INC. AND SUBSIDIARIES
Notes to Unaudited Condensed Consolidated Financial Statements

1. Basis of Presentation and Critical Accounting Policies

The accompanying unaudited condensed consolidated financial statements of Hibbett, Inc. and its wholly-owned subsidiaries (including the condensed consolidated balance sheet as of January 29, 2022, which has been derived from audited financial statements) have been prepared in accordance with U.S. Generally Accepted Accounting Principles ("U.S. GAAP") for interim financial information and are presented in accordance with the requirements of Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by U.S. GAAP for complete financial statements. References to "Hibbett," "we," "our," "us," and the "Company" refer to Hibbett, Inc. and its subsidiaries, as well as its predecessors.

These unaudited condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in our Annual Report on Form 10-K for the fiscal year ended January 29, 2022, filed on March 25, 2022 (the "2022 Annual Report"). The unaudited condensed consolidated financial statements have been prepared on a basis consistent in all material respects with the accounting policies described in the 2022 Annual Report and reflect all adjustments of a normal recurring nature that are, in management's opinion, necessary for the fair presentation of the results of operations, financial position and cash flows for the periods presented.

Occasionally, certain reclassifications are made to conform previously reported data to the current presentation. Such reclassifications have no impact on total assets, total liabilities, net income, cash flows or stockholders' investment in any of the periods presented.

Property and Equipment

Property and equipment are recorded at cost. Finance lease assets are shown as right-of-use ("ROU") assets and are excluded from property and equipment (*see Note 3, Leases*). The fixed asset component of asset group impairment charges was not material in any period presented.

Property and equipment consist of the following (in thousands):

	July 30, 2022	January 29, 2022	July 31, 2021
Land	\$ 7,277	\$ 7,277	\$ 7,277

Total property and equipment, net	\$ 159,608	\$ 145,967	\$ 115,133

Revenue Recognition

We recognize revenue in accordance with Accounting Standards Codification ("ASC") Topic 606, *Revenue from Contracts with Customers*, when control of the merchandise is transferred to our customer which is at delivery. Sales are recorded net of expected returns at the time the customer takes possession of the merchandise. Net sales exclude sales taxes because we are a pass-through conduit for collecting and remitting these taxes.

Gift Cards and Customer Orders: The net deferred revenue liability for gift cards and customer orders at July 30, 2022, January 29, 2022, and July 31, 2021 was \$11.0 million, \$9.6 million, and \$10.4 million, respectively, recognized in accounts payable on our unaudited condensed consolidated balance sheets. We recognize revenue when a gift card is redeemed by the customer and recognize gift card breakage income in net sales in proportion to the redemption pattern of rights exercised by the customer. For all periods presented, gift card breakage was immaterial.

During the 13-weeks and 26-weeks ended July 30, 2022 and July 31, 2021, gift card deferred revenue realized from prior periods was immaterial.

Loyalty Program: We offer the Hibbett Rewards program whereby upon registration and in accordance with the terms of the program, customers earn points on certain purchases. Points convert into rewards at defined thresholds. The short-term future performance obligation liability is estimated at each reporting period based on historical conversion and redemption patterns. The liability is included in other accrued expenses on our unaudited condensed consolidated balance sheets and was \$3.7 million, \$3.7 million, and \$3.6 million at July 30, 2022, January 29, 2022, and July 31, 2021, respectively.

Revenues disaggregated by major product categories are as follows (in thousands):

	13-Weeks Ended		26-Weeks Ended	
	July 30, 2022	July 31, 2021	July 30, 2022	July 31, 2021

Total	\$ 392,805	\$ 419,257	\$ 816,857	\$ 926,117

Indefinite-Lived Intangible Assets

The City Gear tradename is an indefinite-lived asset which is not amortized, but rather tested for impairment at least annually, or on an interim basis if events and circumstances have occurred that indicate that it is more likely than not that an asset is impaired. In valuing the tradename intangible, we use the Relief from Royalty method which requires assumptions related to future revenues, royalty rate and discount rate. No impairment related to the tradename intangible was recognized during the 13-weeks or 26-weeks ended July 30, 2022 and July 31, 2021.

2. Recent Accounting Pronouncements

We continuously monitor and review all current accounting pronouncements and standards from the Financial Accounting Standards Board of U.S. GAAP for applicability to our operations. As of July 30, 2022, there were no new pronouncements or interpretations that had or were expected to have a significant impact on our financial reporting.

3. Leases

ROU lease assets are periodically reviewed for impairment losses. The Company uses the long-lived assets impairment guidance in ASC Subtopic 360-10, *Property, Plant, and Equipment - Overall*, to determine when to test ROU assets (or asset groups that contain one or more ROU assets for impairment), whether ROU assets are impaired, and if so, the amount of the impairment loss to recognize. Asset group impairment charges in the 13-weeks and 26-weeks ended July 30, 2022 and July 31, 2021, were immaterial.

Lease costs are as follows (in thousands):

	13-Weeks Ended		26-Weeks Ended	
	July 30, 2022	July 31, 2021	July 30, 2022	July 31, 2021
Operating lease cost	\$ 19,062	\$ 15,679	\$ 37,321	\$ 30,561

Variable lease cost	4,306	5,056	8,765	10,921
	\$ 23,642	\$ 21,008	\$ 46,624	\$ 41,975

Finance ROU assets on the unaudited condensed consolidated balance sheets at July 30, 2022, January 29, 2022, and July 31, 2021 are shown net of accumulated amortization of \$2.8 million, \$2.5 million, and \$2.1 million, respectively.

The following table provides ROU assets obtained in exchange for lease obligations (in thousands):

	26-Weeks Ended	
	July 30, 2022	July 31, 2021
ROU assets obtained in exchange for lease obligations, net:		
Operating leases	\$ 50,939	\$ 36,509
Finance leases	\$ 395	\$ 68

As of July 30, 2022, we have entered into approximately \$10.9 million of operating lease obligations related to future store locations that have not yet commenced.

4. Fair Value of Financial Instruments

ASC Topic 820, *Fair Value Measurement*, establishes a three-level fair value hierarchy that prioritizes the inputs used to measure fair value. The three levels of inputs used to measure fair value are as follows:

Level I – Quoted prices in active markets for identical assets or liabilities.

Level II – Observable inputs other than quoted prices included in Level I.

Level III – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following table segregates all financial assets and financial liabilities that are measured at fair value on a recurring basis (at least annually) into the most appropriate level within the fair value hierarchy based on the inputs used to determine the fair value (in thousands):

	July 30, 2022			January 29, 2022			July 31, 2021		
	Level			Level			Level		
	I	II	III	I	II	III	I	II	III

Long-term investments	1,848	—	—	2,352	—	—	2,264	—	—
Total investments	\$ 1,882	\$ —	\$ —	\$ 2,481	\$ —	\$ —	\$ 2,393	\$ —	\$ —

Short-term investments are reported in other current assets on our unaudited condensed consolidated balance sheets. Long-term investments are reported in other assets on our unaudited condensed consolidated balance sheets.

5. Debt

On June 5, 2020, we entered into an amended agreement with Regions Bank that extended the maturity date of the then existing credit facility of \$75.0 million from April 19, 2021 to July 18, 2021.

On July 9, 2021, we executed a new unsecured Credit Agreement (the "2021 Credit Facility") between the Company and its subsidiaries and Regions Bank. The 2021 Credit Facility provided an unsecured line of credit of up to \$100.0 million. The 2021 Credit Facility is effective through July 9, 2026 with an interest rate of one-month LIBOR plus 1.0% to 1.8% depending on specified leverage levels.

The 2021 Credit Facility includes an annual commitment fee, payable quarterly in arrears, in an amount between 15 and 20 basis points of the unused portion of the line of credit as determined on a daily basis, dependent on the amount of debt outstanding. In addition, the Company is subject to certain financial covenants which include:

- Advance limitation of 55% of the net book value of the Company's inventory;
- A Consolidated Lease-Adjusted Leverage Ratio comparing lease-adjusted funded debt (funded debt plus all lease liabilities) to EBITDAR (as defined in the 2021 Credit Facility) with a maximum of 3.5x; and
- A Consolidated Fixed Coverage Charge Ratio comparing EBITDAR to fixed charges and certain current liabilities (as defined in the 2021 Credit Facility) with a minimum of 1.2x.

On April 7, 2022, we executed a First Note Modification Agreement (the "Modification Agreement") between the Company and its subsidiaries and Regions Bank. The Modification Agreement increases the line of credit specified in the 2021 Credit

Facility to \$125.0 million. The expiration date of July 9, 2026 remained unchanged. The financial covenants included in the 2021 Credit Facility also remained unchanged.

As of July 30, 2022, we were in compliance with these covenants.

In addition, on April 7, 2022, the Company executed a First Amendment to the 2021 Credit Facility (the “First Amendment”) and to the Modification Agreement, between the Company and its subsidiaries and Regions Bank. The First Amendment replaces LIBOR as the benchmark rate with the Bloomberg Short-Term Bank Yield (“BSBY”) Index Rate. Pursuant to the First Amendment, the 2021 Credit Facility carries an interest rate of BSBY plus 1.0% to 1.8% depending on specified leverage levels.

Activity against our credit facilities during the periods indicated are as follows (dollars in millions):

	July 30, 2022		January 29, 2022	July 31, 2021	
	13-Weeks Ended	26-Weeks Ended	52-Weeks Ended	13-Weeks Ended	26-Weeks Ended
Number of days borrowings incurred	91	145	21	None	None
Average borrowing	\$59.6	\$33.7	\$2.0	\$—	\$—
Maximum borrowing	\$110.0	\$110.0	\$18.7	\$—	\$—
Average interest rate	2.11%	1.89%	1.35%	—%	—%

At July 30, 2022, we had net borrowings of \$88.5 million and a total of \$36.5 million available to us under the Credit Facility.

6. Stock-Based Compensation

The stock-based compensation costs that have been charged against income were as follows (in thousands):

	13-Weeks Ended		26-Weeks Ended	
	July 30, 2022	July 31, 2021	July 30, 2022	July 31, 2021
Stock-based compensation expense by type:				
Stock options	\$ —	\$ —	\$ 155	\$ 174
Restricted stock units	1,488	1,092	3,613	2,880
Employee stock purchases	77	24	235	108
Director deferred compensation	24	15	41	21
Total stock-based compensation expense	1,589	1,131	4,044	3,183
Income tax benefit recognized	369	279	926	758
Stock-based compensation expense, net of income tax	\$ 1,220	\$ 852	\$ 3,118	\$ 2,425

Expense for restricted stock units is shown net of forfeitures which were immaterial for the 13-weeks and 26-weeks ended July 30, 2022 and July 31, 2021.

We granted the following equity awards:

	13-Weeks Ended		26-Weeks Ended	
	July 30, 2022	July 31, 2021	July 30, 2022	July 31, 2021
Stock options	—	—	7,212	4,384
Restricted stock unit awards	1,673	790	109,521	62,031
Performance-based restricted stock unit awards	—	—	49,978	22,492
Deferred stock units	532	174	937	258

At July 30, 2022, the total compensation cost not yet recognized related to unvested restricted stock unit awards was \$11.1 million and the weighted-average period over which such awards are expected to be recognized was 2.2 years. There were no unrecognized compensation costs related to unvested stock options at July 30, 2022.

The weighted-average grant date fair value of stock options granted during the 26-weeks ended July 30, 2022 and July 31, 2021 was \$21.46 and \$39.73 per share, respectively.

Under the Hibbett, Inc. Amended and Restated Non-Employee Director Equity Plan, no shares of our common stock were awarded during the 13-weeks ended July 30, 2022 and 6,388 shares of our common stock were awarded during the 26-weeks ended July 30, 2022. No shares of our common stock were awarded during the 13-weeks or 26-weeks ended July 31, 2021.

The number of shares purchased, the average price per share and the weighted-average grant date fair value of shares purchased through our employee stock purchase plan were as follows:

	13-Weeks Ended		26-Weeks Ended	
	July 30, 2022	July 31, 2021	July 30, 2022	July 31, 2021
Shares purchased	7,352	2,063	21,625	9,508
Average price per share	\$ 36.07	\$ 58.56	\$ 52.62	\$ 43.44
Weighted-average fair value at grant date	\$ 10.65	\$ 11.39	\$ 15.52	\$ 11.44

7. Earnings Per Share

The computation of basic earnings per share ("EPS") is based on the weighted-average number of common shares outstanding during the period. The computation of diluted EPS is based on the weighted-average number of shares outstanding plus the incremental shares that would be outstanding assuming exercise of dilutive stock options and issuance of restricted stock. The number of incremental shares is calculated by applying the treasury stock method. The following table sets forth the weighted-average number of common shares outstanding (in thousands):

	13-Weeks Ended		26-Weeks Ended	
	July 30, 2022	July 31, 2021	July 30, 2022	July 31, 2021
Weighted-average shares used in basic computations	12,951	15,691	13,088	16,008
Dilutive equity awards	310	614	348	627
Weighted-average shares used in diluted computations	13,261	16,305	13,436	16,635

For the 13-weeks ended July 30, 2022, we excluded 66,026 options from the computations of diluted weighted-average common shares or common stock equivalents outstanding because of their anti-dilutive effect. For the 13-weeks ended July 31, 2021, no options were excluded from the computation of diluted weighted-average common shares or common share equivalents.

For the 13-weeks ended July 30, 2022, we also excluded 94,962 and 55,084 unvested stock awards granted to certain employees from the computations of diluted weighted-average common shares and common share equivalents outstanding because they are subject to certain performance-based annual vesting conditions which had not been achieved by July 30, 2022 and July 31, 2021, respectively. Assuming the performance-criteria had been achieved as of July 30, 2022 and July 31, 2021, the incremental impact would have been 5,003 shares and 17,216 shares, respectively.

8. Stock Repurchase Program

On May 26, 2021, the Board of Directors (the "Board") authorized the expansion and extension of our existing Stock Repurchase Program (the "Repurchase Program") by \$500.0 million to a total of \$800.0 million to repurchase our common stock through February 1, 2025. The Repurchase Program's original authorization was approved in November 2015 in the amount of \$300.0 million and, prior to the Board's action, was scheduled to expire on January 29, 2022.

The number of shares repurchased under the Repurchase Program and acquired from holders of restricted stock unit awards to satisfy tax withholding requirements were as follows (dollars in thousands):

	13-Weeks Ended		26-Weeks Ended	
	July 30, 2022	July 31, 2021	July 30, 2022	July 31, 2021
Common stock repurchased under the Repurchase Program	145,178	985,263	636,396	1,526,546
Aggregate cost of repurchases under the Repurchase Program	\$ 7,009	\$ 83,163	\$ 29,409	\$ 120,477
Shares acquired from holders of restricted stock unit awards to satisfy tax withholding requirements	—	4,125	45,993	45,245
Tax withholding requirement from holders of restricted stock unit awards	\$ —	\$ 331	\$ 2,069	\$ 3,177

As of July 30, 2022, we had approximately \$339.1 million remaining under the Repurchase Program for stock repurchases.

9. Dividends

In June 2021, the Board instituted a recurring quarterly cash dividend with the first cash dividend made on July 20, 2021. During the 13-weeks ended July 30, 2022, we paid cash dividends of \$3.2 million under one declaration of \$0.25 per share of common stock outstanding as of the record date. During the 26-weeks ended July 30, 2022, we paid cash dividends of \$6.5 million under two declarations for a total of \$0.50 per share of common stock outstanding as of the record dates.

During the 13-weeks ended and 26-weeks ended July 31, 2021, we paid the Company's first cash dividend of \$3.8 million under one declaration of \$0.25 per share of common stock outstanding as of the record date.

While we currently pay a quarterly dividend of \$0.25 per share and expect to pay comparable cash dividends in the future, the declaration of dividends and the establishment of the per share amount, record dates and payment dates for any future dividends are subject to the final determination of our Board and will be dependent upon our financial condition, results of operations, capital requirements and such other factors as our Board deems relevant. There can be no assurance that we will continue to declare dividends in any particular amounts or at all, and changes in our dividend policy could adversely affect the market price of our common stock.

Subsequent to July 30, 2022, on August 24, 2022, the Board declared a cash dividend of \$0.25 per common share, payable on September 20, 2022, to stockholders of record at the close of business on September 8, 2022. The estimated payment is expected to be \$3.2 million.

10. Commitments and Contingencies

Legal Proceedings and Contingencies.

From time to time, the Company is a party to various legal matters in the ordinary course of its business, including actions by employees, consumers, suppliers, government agencies or others. The Company has recorded accruals with respect to these matters, where appropriate, which are reflected in the Company's unaudited condensed consolidated financial statements. For some matters, a liability is not probable or the amount cannot be reasonably estimated and therefore an accrual has not been made.

The Company believes that its pending legal matters, both individually and in the aggregate, will be resolved without a material adverse effect on the Company's consolidated financial statements as a whole. However, litigation and other legal matters involve an element of uncertainty. Adverse decisions and settlements, including any required changes to the Company's business, or other developments in such matters could affect our operating results in future periods or result in a liability or other amounts material to the Company's annual consolidated financial statements. No material amounts were accrued at July 30, 2022, January 29, 2022, or July 31, 2021 pertaining to legal proceedings or other contingencies.

11. Income Taxes

Our effective tax rate is based on expected annual income, statutory tax rates, and tax planning opportunities available in the various jurisdictions in which we operate. For interim financial reporting, we estimate the annual effective tax rate based on expected taxable income or loss for the full year and record a quarterly income tax provision (benefit) in accordance with the

anticipated annual effective rate and adjust for discrete items. We update the estimates of the taxable income or loss throughout the year as new information becomes available, including year-to-date financial results. This process often results in a change to our expected effective tax rate for the year. When this occurs, we adjust the income tax provision (benefit) during the quarter in which the change in estimate occurs so that the year-to-date provision reflects the expected annual effective tax rate.

We apply the provisions of ASC Subtopic 740-10 in accounting for uncertainty in income taxes. We recognize a tax benefit associated with an uncertain tax position when, in our judgment, it is more likely than not that the position will be sustained upon examination by a taxing authority.

At July 30, 2022, January 29, 2022, and July 31, 2021, the liability associated with unrecognized tax benefits was immaterial. We file income tax returns in U.S. federal and various state jurisdictions. Generally, we are not subject to changes in income taxes by the U.S. federal taxing jurisdiction for years prior to Fiscal 2019 or by most state taxing jurisdictions for years prior to Fiscal 2018.

12. Related-Party Transactions

The Company leases one store under a lease arrangement with Preferred Growth Properties, LLC, a wholly owned subsidiary of Books-A-Million, Inc. ("BAMM"). One of our Directors is an executive officer of BAMM. Minimum annual lease payments are \$0.1 million, if not in co-tenancy, and the lease termination date is February 28, 2027. Minimum lease payments remaining under the lease at July 30, 2022 and July 31, 2021 were immaterial.

T.I.G. Construction ("TIG")

TIG performs certain new store and store remodel construction for the Company and is owned by a close relative of the Company's President and CEO. For the 13-weeks ended July 30, 2022 and July 31, 2021, payments to TIG for its services were \$2.3 million and \$1.5 million, respectively. For the 26-weeks ended July 30, 2022 and July 31, 2021, payments to TIG for its services were \$5.2 million and \$2.9 million, respectively. The amount outstanding to TIG, included in accounts payable on our unaudited condensed consolidated balance sheets at July 30, 2022, January 29, 2022, and July 31, 2021, was immaterial.

Retail Security Gates, LLC ("RSG")

During the second quarter of Fiscal 2022, a close relative of the Company's President and CEO purchased a 50% interest in an existing Company vendor, which was reorganized as RSG. We utilize RSG for specially manufactured store front security gates. For the 13-weeks ended July 30, 2022 and July 31, 2021, payments to RSG were \$0.3 million and \$0.1 million, respectively. For the 26-weeks ended July 30, 2022 and July 31, 2021, payments to RSG were \$0.5 million and \$0.1 million, respectively. The amount outstanding to RSG, included in accounts payable on our unaudited condensed consolidated balance sheets at July 30, 2022, January 29, 2022 and July 31, 2021, was immaterial.

Our President and CEO also had a membership interest in a contingent earnout (the "Earnout") related to the acquisition of City Gear based on City Gear's achievement of an EBITDA threshold for the 52-weeks ended January 30, 2021. The Earnout was in addition to the aggregate consideration payable to the sellers of City Gear, LLC in November 2018. Pursuant to the Membership Interest and Warrant Purchase Agreement dated October 29, 2018, and based on Fiscal 2021 financial results, the former members and warrant holders of City Gear were entitled to and were paid the Earnout payment of \$15.0 million in April 2021. The share of the Earnout payment made to our President and CEO was approximately 22.8% or approximately \$3.4 million.

Cautionary Statement Regarding Forward-Looking Statements

This document contains "forward-looking statements" as that term is used in the Private Securities Litigation Reform Act of 1995. Forward-looking statements address future events, developments and results and do not relate strictly to historical facts. Any statements contained herein that are not statements of historical fact may be deemed to be forward-looking statements. They include statements preceded by, followed by or including words such as "believe," "anticipate," "expect," "intend," "plan," "forecast," "guidance," "outlook," "estimate" "will," "may," "could," "possible," "potential," or other similar words, phrases or expressions. For example, our forward-looking statements include statements regarding:

- the potential impact of COVID-19 on our business, operations and financial results;
- the uncertainty of future stimulus payments and extended unemployment benefits, if any, and the related effects on consumer demand for our products and our overall business;

- the potential impact of new trade, tariff, and tax regulations on our profitability;
- our ability to accurately forecast consumer demand for our products and manage our inventory in response to changing demands;
- our cash needs, including our ability to fund our future capital expenditures, working capital requirements, recurring quarterly dividends and repurchases of Company common stock under our stock repurchase program (the "Repurchase Program");
- our relationships with vendors and the loss of key vendor support;
- the possible effects of inflation, market decline and other economic changes on our costs and profitability;
- our ability to retain key personnel and other employees at Hibbett and City Gear due to current labor challenges or otherwise;
- our anticipated net sales, comparable store net sales changes, net sales growth, gross margins, expenses and earnings;
- our business strategy, omni-channel platform, logistics structure, target market presence and the expected impact of such factors on our net sales growth;
- our store growth, including our plans to add, expand, relocate or close stores, our markets' ability to support such growth, expected changes in total square footage, our ability to secure suitable locations for new stores and the suitability of our wholesale and logistics facility;
- our expectations regarding the growth of our online business and the role of technology in supporting such growth;
- the future reliability of, and cost associated with, disruptions in the global supply chain, including increased freight and transportation costs, and the potential impacts on our domestic and international sources of product, including the actual and potential effect of tariffs on international goods imposed by the United States and other potential impediments to imports;
- our policy of leasing rather than owning stores and our ability to renew or replace store leases satisfactorily;
- the cost of regulatory compliance, including the costs and possible outcomes of pending legal actions and other contingencies, and new or additional legal, legislative and regulatory requirements to reduce or mitigate the effects of climate change;
- our analysis of our risk factors and their possible effect on financial results;
- our seasonal sales patterns and assumptions concerning customer buying behavior;
- our ability to retain new customers;
- our expectations regarding competition;
- our estimates and assumptions as they relate to preferable tax and financial accounting methods, accruals, inventory valuations, long-lived assets, carrying amount and liquidity of financial instruments, fair value of options and other stock-based compensation, economic and useful lives of depreciable assets and leases, income tax liabilities, deferred taxes and uncertain tax positions;
- our expectations concerning future stock-based award types and the exercise of outstanding stock options;
- our assessment of the materiality and impact on our business of adopting recent accounting pronouncements issued by the Financial Accounting Standards Board;
- the possible effects of uncertainty within the capital markets, on the commercial credit environment and on levels of consumer confidence;
- our analyses of trends as related to marketing, sales and earnings performance;
- our ability to receive favorable brand name merchandise and pricing from key vendors;
- the impact of technology on our operations and business, including cyberattacks, cyber liability or potential liability for breaches of our privacy or information security systems; and
- our ability to mitigate the risk of possible business interruptions, including, without limitation, from political or social unrest and armed conflicts.

General Overview

Hibbett, headquartered in Birmingham, Alabama, is a leading athletic-inspired fashion retailer, primarily located in underserved communities. Founded in 1945, Hibbett has a rich history of convenient locations, personalized customer service and access to coveted footwear and apparel from top brands like Nike, Jordan, and adidas.

As of July 30, 2022, we operated a total of 1,117 retail stores under the Hibbett, City Gear and Sports Additions banners in 36 states, opening our first store in Nevada during the quarter ended July 30, 2022:

Brand	Average Square Footage	Location		
		Strip Center⁽¹⁾	Mall	Total
Hibbett	5,800	738	180	918
City Gear	5,200	146	37	183
Sports Additions ⁽²⁾	2,900	3	13	16

⁽¹⁾ Strip centers include free-standing stores and, for our Hibbett locations, are usually near a major chain retailer.

⁽²⁾ Approximately 90% of the merchandise carried in our Sports Additions stores is athletic footwear.

Our merchandising emphasizes a TOE-TO-HEAD™ approach. We provide a broad assortment of premium brand name footwear, apparel, accessories and team sports equipment at competitive prices in a full service omni-channel environment. We believe that the assortment of brand name merchandise we offer consistently exceeds the merchandise selection carried by most of our competitors, particularly in our underserved markets and neighborhood centers. Many of these brand name products have limited availability and/or are technical in nature requiring considerable sales assistance. We coordinate with our vendors to educate our sales staff at the store level on new products and trends.

Comparable Store Sales - Stores deemed as comparable stores include our Hibbett, City Gear and Sports Additions stores open throughout the reporting period and the corresponding fiscal period referenced, and e-commerce sales. We consider comparable store sales to be a key indicator of our current performance; measuring the growth in sales and sales productivity of existing stores. Management believes that positive comparable store sales contribute to greater leveraging of operating costs, particularly payroll and occupancy costs, while negative comparable store sales contribute to deleveraging of costs. Comparable store sales also have a direct impact on our total net sales and the level of cash flow.

If a store remodel, relocation or expansion results in the store being closed for a significant period, its sales are removed from the comparable store sales base until it has been open a full 12 months. In addition, rebranded stores are treated as new stores and are not presented in comparable store sales until they have been open a full 12 months under the new brand.

In addition to e-commerce sales, we included the following number of stores in comparable store sales:

	July 30, 2022	July 31, 2021
13-weeks ended	1,065	1,045
26-weeks ended	1,059	1,040

Executive Summary

Sales performance for the current quarter and year-to-date periods is being compared to both Fiscal 2022 (13-weeks and 26-weeks ended July 31, 2021) and Fiscal 2020 (13-weeks and 26-weeks ended August 3, 2019). We believe that stimulus funds in the first half of Fiscal 2022 provided a significant boost to sales. In addition, the onset of the COVID-19 pandemic had a substantial negative impact on the first quarter of Fiscal 2021 and was followed by stimulus payments in the second quarter of Fiscal 2021 that drove a sharp increase in sales. Due to the unusual impact of these events on both Fiscal 2022 and Fiscal 2021 sales results, we believe sales performance in relation to Fiscal 2020 provides the most relevant comparison prior to the effects of the pandemic.

Net sales for the 13-weeks ended July 30, 2022, decreased 6.3% to \$392.8 million compared with \$419.3 million for the 13-weeks ended July 31, 2021. Comparable store sales decreased 9.2% versus the prior year but increased 54.4% compared to the 13-weeks ended August 3, 2019. Brick and mortar comparable store sales declined 11.9% while e-commerce sales increased 8.3% on a year-over-year basis. In relation to the 13-weeks ended August 3, 2019, brick and mortar comparable sales increased 42.0% and e-commerce sales grew 174.4%. E-commerce represented 15.2% of total net sales for the 13-weeks ended July 30, 2022, compared to 13.1% in the prior year 13-weeks ended July 31, 2021, and 8.6% of total net sales for the 13-weeks ended August 3, 2019.

Net sales for the 26-weeks ended July 30, 2022, decreased 11.8% to \$816.9 million compared with \$926.1 million for the 26-weeks ended July 31, 2021. Comparable store sales decreased 14.5% versus the 26-weeks ended July 31, 2021, but increased by 36.2% compared to the 26-weeks ended August 3, 2019. Brick and mortar comparable store sales declined 17.4% and e-commerce sales increased 6.2% compared to the 26-weeks ended July 31, 2021. In relation to the 26-weeks ended August 3, 2019, brick and mortar sales increased 25.6% and e-commerce sales grew 141.7% over the three-year period. E-commerce represented 14.9% of total net sales for the 26-weeks ended July 30, 2022, compared to 12.4% in the 26-weeks ended July 31, 2021, and 8.4% of total net sales for the 26-weeks ended August 3, 2019.

Store operating, selling, and administrative ("SG&A") expenses were 23.3% of net sales for the 13-weeks ended July 30, 2022, compared with 22.3% of net sales for the 13-weeks ended July 31, 2021. The increase is primarily the result of deleverage resulting from year-over-year sales decline. SG&A expenses were 22.9% of net sales for the 26-weeks ended July 30, 2022, compared with 20.0% of net sales for the 26-weeks ended July 31, 2021. This deleverage was also primarily the result of the year-over-year sales decline.

During the 13-weeks ended July 30, 2022, we opened 13 new stores and closed one underperforming store. This brings the store base to 1,117 in 36 states as of July 30, 2022, including the opening of our first store in Nevada. We closed the 13-weeks ended July 30, 2022, with \$28.4 million of available cash and cash equivalents and \$36.5 million available under our Credit Facility. Net inventory was \$366.2 million at July 30, 2022, a 68.9% increase compared to July 31, 2021.

The improved inventory position, in addition to investments that elevate the customer experience and our ability to stay connected with and relevant to our underserved customers and communities, continues to strengthen and broaden our relationships with key vendor partners.

Critical Accounting Policies and Estimates

Our critical accounting policies are described in Item 1, Note 1 - *Basis of Presentation and Critical Accounting Policies*.

The unaudited condensed consolidated financial statements are prepared in conformity with U.S. GAAP. The preparation of these unaudited condensed consolidated financial statements requires the use of estimates, judgments, and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the periods presented. Actual results could differ from those estimates and assumptions. Our critical and significant accounting policies and estimates are described more fully in our 2022 Annual Report. There have been no changes in our accounting policies in the current period ended July 30, 2022, that had a material impact on our unaudited condensed consolidated financial statements.

Recent Accounting Pronouncements

See Note 2, *Recent Accounting Pronouncements*, to the unaudited condensed consolidated financial statements included in this Form 10-Q for the period ended July 30, 2022, for information regarding recent accounting pronouncements.

13-Weeks Ended July 30, 2022 Compared to 13-Weeks Ended July 31, 2021

Net Sales

Net sales for the 13-weeks ended July 30, 2022, decreased 6.3% to \$392.8 million compared with \$419.3 million for the 13-weeks ended July 31, 2021. Comparable store sales decreased 9.2% versus the prior year but increased 54.4% compared to the 13-weeks ended August 3, 2019 ("Fiscal 2020"), the most relevant comparable period prior to the COVID-19 pandemic. Brick and mortar comparable store sales declined 11.9% while e-commerce sales increased 8.3% on a year-over-year basis. In relation to the 13-weeks ended August 3, 2019, brick and mortar comparable sales increased 42.0% and e-commerce sales grew 174.4%. E-commerce represented 15.2% of total net sales for the 13-weeks ended July 30, 2022, compared to 13.1% in the prior year 13-weeks ended July 31, 2021, and 8.6% of total net sales for the 13-weeks ended August 3, 2019.

Gross Margin

Gross margin was 34.4% of net sales for the 13-weeks ended July 30, 2022, compared with 39.0% of net sales for the 13-weeks ended July 31, 2021. The approximate 460 basis point decline was primarily driven by lower average product margin of approximately 225 basis points, increased freight and transportation cost of approximately 125 basis points and deleverage of store occupancy of approximately 110 basis points. The decline in product margin was due to cost increases, a higher mix of e-commerce sales which carry a lower margin than brick and mortar sales, general shifts in product mix and delays in launch

events. The deleverage of store occupancy costs was mainly due to the year-over-year decline in total sales coupled with higher utility and store security costs.

SG&A Expenses

SG&A expenses were 23.3% of net sales for the 13-weeks ended July 30, 2022, compared with 22.3% of net sales for the 13-weeks ended July 31, 2021. The approximate 100 basis point increase is primarily the result of deleverage from the year-over-year sales decline in categories such as wages, employee benefits, repairs and maintenance, and supplies necessary to support a larger store base and increased e-commerce volume.

Depreciation and Amortization

Depreciation and amortization of \$10.9 million increased by approximately 80 basis points as a percentage of net sales for the 13-weeks ended July 30, 2022, compared to the 13-weeks ended July 31, 2021. The increase in expense was mainly due to increased capital investment on organic growth opportunities and infrastructure projects.

Provision for Income Taxes

The combined federal, state, and local effective income tax rate as a percentage of pre-tax income was 23.8% for the 13-weeks ended July 30, 2022, and was 24.0% for the 13-weeks ended July 31, 2021. The quarterly effective tax rate fluctuates based on full-year taxable income projections, the impact of discrete items, and the relative level of pre-tax income or loss in each quarter.

Net Income

Net income for the 13-weeks ended July 30, 2022, was \$24.7 million, or \$1.86 per diluted share compared with net income of \$46.7 million, or \$2.86 per diluted share for the 13-weeks ended July 31, 2021.

26-Weeks Ended July 30, 2022 Compared to 26-Weeks Ended July 31, 2021

Net Sales

Net sales for the 26-weeks ended July 30, 2022, decreased 11.8% to \$816.9 million compared with \$926.1 million for the 26-weeks ended July 31, 2021. Comparable store sales decreased 14.5% versus the 26-weeks ended July 31, 2021, but increased by 36.2% compared to the 26-weeks ended August 3, 2019. Brick and mortar comparable store sales declined 17.4% and e-commerce sales increased 6.2% compared to the 26-weeks ended July 31, 2021. In relation to the 26-weeks ended August 3, 2019, brick and mortar sales increased 25.6% and e-commerce sales grew 141.7% over the three-year period. E-commerce represented 14.9% of total net sales for the 26-weeks ended July 30, 2022, compared to 12.4% in the 26-weeks ended July 31, 2021, and 8.4% of total net sales for the 26-weeks ended August 3, 2019.

Gross Margin

Gross margin was \$292.0 million, or 35.7% of net sales for the 26-weeks ended July 30, 2022, compared with \$373.3 million, or 40.3% of net sales for the 26-weeks ended July 31, 2021. The approximate 460 basis point decline was due to lower average product margin of approximately 190 basis points, store occupancy deleverage of approximately 140 basis points, and higher freight cost of approximately 130 basis points. The decline in product margin was due to a higher mix of e-commerce sales which carry a lower margin than brick and mortar sales, general shifts in product mix and delays in launch events. The deleverage of store occupancy costs was mainly due to the year-over-year decline in total sales coupled with higher rent, utility and store security costs.

SG&A Expenses

SG&A expenses were 22.9% of net sales for the 26-weeks ended July 30, 2022, compared with 20.0% of net sales for the 26-weeks ended July 31, 2021. The approximate 290 basis point increase is primarily the result of deleverage from the year-over-year sales decline in categories such as wages, professional fees, advertising and supplies necessary to support a larger store base and increased e-commerce volume.

Depreciation and Amortization

Depreciation and amortization of \$21.4 million increased approximately 85 basis points as a percentage of net sales for the 26-weeks ended July 30, 2022, compared to the 26-weeks ended July 31, 2021. The increase in expense was mainly due to increased capital investment on organic growth opportunities and infrastructure projects.

Provision for Income Taxes

The combined federal, state, and local effective income tax rate as a percentage of pre-tax income was 22.9% for the 26-weeks ended July 30, 2022 and was 23.4% of pre-tax income for the 26-weeks ended July 31, 2021. The annualized effective tax rate fluctuates based on full-year taxable income projections, the impact of discrete items, and the relative level of pre-tax income or loss in each quarter.

Liquidity and Capital Resources**COVID-19 and Other Macroeconomic Factors**

We continue to monitor the impacts of the COVID-19 pandemic, the inflationary economic environment, supply chain disruptions, labor shortages and geopolitical conflicts on our business. The positive sales impact of pandemic-related stimulus payments and incremental unemployment benefits over the last two fiscal years began moderating in the fourth quarter of Fiscal 2022 and continued into Fiscal 2023. We have also experienced significant input cost inflation for commodities, freight and transportation, and to a lesser extent, for labor in the current year. We continue to monitor these headwinds.

We ended the second quarter of Fiscal 2022 with \$28.4 million of available cash and cash equivalents on the unaudited condensed consolidated balance sheet. As of July 30, 2022, we had \$88.5 million of debt outstanding and \$36.5 million available to us under the Credit Facility, discussed in Note 5, *Debt*, to the unaudited condensed consolidated financial statements.

Inventory at July 30, 2022 was \$366.2 million, a 68.9% increase compared to July 31, 2021, and a 65.5% increase from the beginning of the fiscal year. Supply chain disruptions that impacted inventory availability in the prior year have moderated. In addition, higher order quantities resulting from our increased sales volume, a more consistent flow of goods and strong relationships with our vendor partners have allowed us to build inventory to a level that better supports anticipated customer demand.

Analysis of Cash Flows

Our capital requirements relate primarily to funding capital expenditures, stock repurchases, dividends, the maintenance of facilities and systems to support company growth and working capital requirements. Our working capital requirements are somewhat seasonal in nature and typically reach their peak near the end of the third and the beginning of the fourth quarters of our fiscal year. Historically, we have funded our cash requirements primarily through our cash flow from operations and from borrowings under our credit facilities.

We believe that our existing cash balances, expected cash flow from operations, funds available under the Credit Facility, operating and finance leases and normal trade credit will be sufficient to fund our operations and capital expenditures. We are not aware of any trends or events that would materially affect our capital requirements or liquidity.

Our unaudited condensed consolidated statements of cash flows are summarized as follows (in thousands):

	26-Weeks Ended	
	July 30, 2022	July 31, 2021
Net cash (used in) provided by operating activities	\$ (9,846)	\$ 115,532
Net cash used in investing activities	(29,737)	(20,756)
Net cash provided by (used in) financing activities	50,967	(127,225)
Net increase (decrease) in cash and cash equivalents	<u>\$ 11,384</u>	<u>\$ (32,449)</u>

Operating Activities

Cash flow from operations is seasonal in our business. Typically, we use cash flow from operations to increase inventory in advance of peak selling seasons, such as winter holidays, the spring sales period and late summer back-to-school shopping. Inventory levels are reduced in connection with higher sales during the peak selling seasons and this inventory reduction, combined with proportionately higher net income, typically produces a positive cash flow.

Net cash used in operating activities was \$9.8 million for the 26-weeks ended July 30, 2022, compared with net cash provided by operating activities of \$115.5 million for the 26-weeks ended July 31, 2021. Operating activities consist primarily of net income adjusted for certain non-cash items and changes in operating assets and liabilities as noted in the bullets below.

- Non-cash depreciation and amortization expense increased due to capital expenditure investments in new stores, existing store remodels and refreshes, technology enhancements and corporate infrastructure.
- The contingent earnout in the prior year represented \$15.0 million paid during the 26-weeks ended July 31, 2021, to the former members and warrant holders of City Gear for achievement of previously defined financial goals in the second-year post acquisition. Of this amount, \$13.8 million was reflected as operating activities and \$1.2 million was reflected as financing activities, which represented the fair value of the long-term portion of the contingent earnout booked through the purchase price allocation.
- Inventory balances in the current year have continued building from less than ideal levels. Inventory levels in the prior year were reduced significantly due to a surge in demand combined with a disruption in the supply chain that made it difficult to replenish balances.
- The change in accounts payable is due mainly to the timing of payments in relation to inventory receipts.
- The change in net income tax payable is due mainly to the timing of estimated payments.

Investing Activities

Net cash used in investing activities in the 26-weeks ended July 30, 2022, totaled \$29.7 million compared with net cash used in investing activities of \$20.8 million in the 26-weeks ended July 31, 2021. Capital expenditures used \$30.5 million of cash in the 26-weeks ended July 30, 2022, versus \$20.8 million of cash in the 26-weeks ended July 31, 2021. Capital expenditures are primarily related to opening new stores, remodeling, expanding or relocating existing stores, and continued investment in technology initiatives and corporate infrastructure.

We opened 22 new stores and rebranded one existing store during the 26-weeks ended July 30, 2022, as compared to opening 17 new stores during the 26-weeks ended July 31, 2021.

We anticipate that our capital expenditures for the fiscal year ending January 28, 2023, will be approximately \$60.0 million to \$70.0 million and primarily related to:

- store development, including the opening of new stores and the remodeling, relocation or expansion of selected existing stores;
- additional technology and infrastructure investments; and
- other departmental needs for ongoing maintenance and support.

Financing Activities

Net cash provided by financing activities was \$51.0 million in the 26-weeks ended July 30, 2022, compared to net cash used in financing activities of \$127.2 million in the prior year period.

In the current year, we have repurchased \$29.4 million of our common stock under our Repurchase Program. This compares to \$120.5 million used to repurchase our common stock under our Repurchase Program in the same period of the prior year. See Note 8, *Stock Repurchase Program*, to the unaudited condensed consolidated financial statements for additional information.

During the 26-weeks ended July 30, 2022, we had net borrowings of \$88.5 million against our Credit Facility and \$36.5 million available under the Credit Facility at July 30, 2022. We did not have any borrowings under our facilities during the 26-weeks ended July 31, 2021. See Note 5, *Debt*, to the unaudited condensed consolidated financial statements for additional information.

During the 26-weeks ended July 30, 2022, we paid \$6.5 million of dividends to our stockholders compared to \$3.8 million during the 26-weeks ended July 31, 2021. On August 24, 2022, the Board declared a cash dividend of \$0.25 per common share, payable on September 20, 2022, to stockholders of record at the close of business on September 8, 2022. The estimated

payment is expected to be \$3.2 million. See Note 9, *Dividends*, to the unaudited condensed consolidated financial statements for additional information.

Based on our current operating plans, store forecasts, plans for the repurchase of our common stock, and expected capital expenditures, we believe that we can fund our cash needs for the foreseeable future through cash generated from operations and, if necessary, through periodic future borrowings against the Credit Facility.

Quarterly and Seasonal Fluctuations

We experience seasonal fluctuations in our net sales and results of operations. We typically experience higher net sales in early spring due to spring sports and annual tax refunds, late summer due to back-to-school shopping and winter due to holiday shopping. In addition, our quarterly results of operations may fluctuate significantly as a result of a variety of factors, including unseasonal weather patterns, the timing of high demand footwear launches, demand for merchandise driven by local interest in sporting events, back-to-school sales, and the timing of sales tax holidays and annual income tax refunds. The COVID-19 pandemic has impacted youth and high school team sports and has resulted in some shifts of normal seasonal patterns during the periods presented.

Although our operations are influenced by general economic conditions, we do not believe that, historically, inflation has had a long-term material impact on our results of operations. We are generally able to pass along a significant portion of inflationary cost increases to our customers.

ITEM 3. Quantitative and Qualitative Disclosures About Market Risk.

There have been no material changes in our quantitative and qualitative market risks since January 29, 2022. For a discussion of the Company's exposure to market risk, refer to the Company's market risk disclosures set forth in Part II, Item 7A. "Quantitative and Qualitative Disclosures About Market Risk" of the Company's 2022 Annual Report

ITEM 4. Controls and Procedures.

Evaluation of Disclosure Controls and Procedures

Our management, under the supervision and with the participation of our Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of our disclosure controls and procedures (as defined in Rule 13a-15(e) and 15d-15(e) under the Securities Exchange Act) as of July 30, 2022. Based on this evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were designed and functioning effectively to provide reasonable assurance that the information required to be disclosed in our Securities Exchange Act reports is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure.

Changes in Internal Control Over Financial Reporting

We have not identified any changes in our internal control over financial reporting that occurred during the period ended July 30, 2022, that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION

ITEM 1. Legal Proceedings.

Information relating to material legal proceedings is set forth in Note 10, *Commitments and Contingencies*, to our unaudited condensed consolidated financial statements included elsewhere in this Quarterly Report on Form 10-Q and is incorporated herein by reference.

ITEM 1A. Risk Factors.

We operate in an environment that involves a number of risks and uncertainties which are described in our 2022 Annual Report. If any of the risks described in our 2022 Annual Report were to actually occur, our business, results of operations, and financial results could be adversely affected. There were no material changes to the risk factors disclosed in our 2022 Annual Report.

ITEM 2. Unregistered Sales of Equity Securities and Use of Proceeds.

The following table presents our stock repurchase activity for the 13-weeks ended July 30, 2022:

Period	Total Number of Shares Purchased	Average Price Paid per Share	Total Number of Shares Purchased as Part of Publicly Announced Programs⁽¹⁾	Approximate Dollar Value of Shares That May Yet be Purchased Under the Programs (in thousands)
May 1, 2022 to May 28, 2022	4,525	\$ 40.82	4,525	\$ 345,936
May 29, 2022 to July 2, 2022	140,653	\$ 48.52	140,653	\$ 339,111
July 3, 2022 to July 30, 2022	—	\$ —	—	\$ 339,111
Total	<u>145,178</u>	\$ 48.28	<u>145,178</u>	\$ 339,111

- (1) In May 2021, our Board of Directors authorized an expansion of the Repurchase Program by \$500.0 million to \$800.0 million and extended the date through February 1, 2025. The expansion of the Repurchase Program was announced on May 28, 2021. See Note 8, *Stock Repurchase Program*, to the unaudited condensed consolidated financial statements for additional information.
